SUGGESTIONS TO DIRECTOR OF INDUSTRIES

It has been observed that since last two to three years there is a systematic plan to hold all important decisions in the MSME Department, thereby pushing the whole sector into uncertainties and absolute darkness. It is indeed a great opportunity to place these issues before Director of Industries, Odisha for suitable action at the appropriate level.

ISSUES

1. **PROCUREMENT POLICY-** 2015- The Procurement Policy 2015 remained ineffective as the same was kept indisposed without appropriate clarification by the MSME department for its implementation. Although Director of Industries has issued a circular to district administrations informing them about the policy, procuring directorates at the state level violates the policy as there is no check and balance. Example: Recent tender called by Director AHVS, where the bids of MSME were rejected as their turnover is not Rs.5 crores. If MSME cannot offer their products for restrictions imposed on turnover, how the procurement policy which is a marketing assurance to MSME can be implemented. There are many more examples.
Price protection should be given to MSME sectors by mother plants (Govt./PSU & Pvt.) which must supported by the state Govt.

2. **EPM RATE CONTRACT:** The scope and operational area of EPM Rate Contract items are gradually squeezed. The earlier policy of reporting procurements by different departments to Director of EPM, the power of DEPM to represent in each purchase committee and the procedure to cancel procurement decisions for gross policy violations are not happening now. Director of EPM needs empowerment.

3. **IDCO:** Many cases are pending with IDCO for small issues and those matters are being kept indisposed for a very long time. A committee chaired by Director of Industries may take up disposal of such cases within a stipulated time frame.

4. COMMITTEE: Long delay in restructuring various statutory committees in the MSME department has further affected redress of MSME problems. The MSME Facilitation Council remained inactive for a long time due to this.
A review of constitution of various committees may be made and a process for easeful continuation of such committees needs to be evolved.

5. REVIEW: A bimonthly review meeting may be taken at Directorate level, where immediate decisions on issues relating to bank finance, IDCO matters, Electric disputes and other MSME relates issues can be settled forthwith. Associations may be associated in such review meetings for posting cases and relevant offices may be called to settle the problems expediously.

6. FREEHOLD OF INDUSTRIAL ESTATE LAND: MSME associations have demanded conversion of leasehold rights to freehold for MSME units and discussed the issue with Government in Industries, Revenue and MSME departments. A consolidated memorandum has been submitted to honorable Chief Minister during February 2019 and the matter needs to be looked into and a suitable policy for conversion of leasehold land to freehold may be announced for growth and sustenance of MSME in the state.

7. EXTENTION OF OTS AGENCY LOAN: AGENCY LOAN OTS POLICY that ended in 2012 was not much sensitized, for which many MSME have not availed the policy for clearing their Government Loan (Seed Loan, Sales Tax Loan, Margin Money assistance Loan). MSME SECRETARY during January 2015 had a discussion with Government in Finance department for extension of agency loan and Margin Money assistance loan OTS policy & advised OSFC & DI to make a consolidated list of pending cases. Though OSFC & DI have sent all information and Director of Industry has also sent several reminders, the same is pending in MSME department for action. The OTS policy needs to be extended for a limited period allowing MSMEs to clear their long pending Government loans.

8. OSFC: Many old issues are pending in OSFC which are deliberately delayed pushing MSME into a corner. A time bound, considerate scheme may be introduced to ensure closure of such old cases.

9. ENCHROACHMENT OF INDUSTRIAL AREA: Due to inadequacy of IDCO officials many areas are encroached in Industrial estates at Jagatpur, Mancheswar and many other Industrial areas. Such encroachments need to be curbed involving district administration and may be monitored by Director of Industries. Unauthorized shops operating inside the industrial estates may also be streamlined by developing vending zones and their activities may be also reviewed from time to time.
Industrial Security facility should be facilitated by the State as well as Central Govt, for security of industrial area & curbing criminal unlawful activities.

10. DRAINAGE & ROAD: Drains remain a big issue for disposal of rain water. In most of the industrial estates, with little rain water is being flooded on the road and inside the factory buildings. IDCO has failed to solve this issue. Directorate of Industry with the help of District Administration and Municipal authorities may look after this burning issue.

11. PHARMACEUTICAL SECTOR: The additional construction taken up by existing Pharma MSME may be approved as decided by 83rd IDCO Board Meeting on 15.11.2010 (the matter remain unsolved since last 9 years) ad the SIP subsidy already secnctioned since last 8 years may please be disbursed to those units immediately. Relevant papers are attached

12. LABOR LAWS & EMPLOYMENT: Liberal Labour law should be implemented by the Govt. for MSME units to sustain themselves in the present scenario.
MSMEs provides a sustainable employment to a large segment of traditional and prospective rural and urban unemployed youth than other large sector units and other PSUs may be encouraged to sponsor units and shape their production to suit to their needs thereby creating a real engagement with MSME sector hence it should be look in.

13. BANK FINANCE: Usually Commercial banks are sanctioning the Term loan lesser than the Project cost which leads a financial hurdles to MSME. Regional Director of the Reserve Bank of India should be empowered to review the policies with MSME associations of the state periodically in the present of commercial Banks, Secretary MSME & Director of Industries.

A special frame work should be chalked out for Revival & Rehabilitation of MSME sick units by the way of additional financing i.e. ad-hoc facilities for a stipulated period of time.

Thanking you.

PROPOSALS NEED TO BE CONSIDERED BY FINANCE DEPARTMENT, GOVERNMENT OF ODISHA

To ,
Shri Niranjan Pujari
Hon'ble Cabinet Minister
Department of Finance,
Government of Odisha.

We feel privileged to be here to place our ideas and perspectives before you.

Budget 2020-21 is on its way and we present to you certain suggestions for your kind consideration.

· Major cause of economic slowdown is lack of consumer spending. Hence FMCG Sector must be given top priority.

· A certifying agency must be set up that will certify products made in ODIHSA. This will boost consumer confidence in local products.

· Public spending must be increased to boost demand and create infrastructure.

· To give a boost to revenue generation Government procurement must be rooted through local procurement from local producing units and through local agencies.

· Contingency fund must be created to help MSMEs industries at the time of natural calamity. Competition both in quality and price may be promoted in MSME sector by exclusive mandatory procurement of products manufactured by state MSME through an exclusive E Portal.

ODISHA INDUSTRIES ASSOCIATION:-

· **C**leanliness of industrial estates is of prime concern. Additional funds must be provided for upkeep of all industrial estates.

· MSME operating in the state for more than 10 years must be offered with a suitable conversion policy to change the leasehold rights to freehold and use the land only for commercial purpose to improve augmentation of credit as well as inspiring young skilled enterprisers to set up industry increasing the gross domestic production.

· Funds must be created for Industrial Waste management for each industrial estate of the state. Each Industrial area must house a treatment plant to treat solid waste. Initially five such projects may be sanctioned at Mancheswar, Jagatpur, Kalinganagar, Paradeep & Berhampur.

· To attract first generation entrepreneurs, OSFC must be revived and strengthened.

We have faith in your vision and understanding that you have and hope your able leadership shall give due weight to our proposals.

Thank you SIR.

(Abani Kanungo)
CHAIRMAN

MEMORANDUM SUBMITTED TO SECRETARY MSME, GOVT. OF ODISHA.

Sj. Hemant Sharma, IAS
Date : 25.11.19
Commissioner Cum Secretary,
Department of Industries & MSME,
Government of Odisha,
Kharavela Bhawan,
BHUBANESWAR.

SIR,

Thank you for allowing us an audience this noon.

We believe that after you took over the ease of doing business has started slowly reviving in the MSME sector. We shall submit following issues.

1. NOC & Amendments by IDCO:

Activities, constitution & banker of MSMEs changes time to time depending upon the market and financial conditions and therefore may be issued one time NOC by IDCO for enabling MSMEs to carry on a smooth business activities.

Provision of amendment in IDCO for any changes in constitution, activities of MSMEs may be checked and DIC may be considered as the nodal body to certify the same.

Further a committee chaired by Director of Industries may take up disposal of such cases within a stipulated time frame.

2. Plan Approval by IDCO:

IDCO or Factories & Boilers dept. should assign the job to approve the Plan of MSME as both the dept are well associated with the land issues of MSMEs.

3. Basic Infrastructure by IDCO:

Basic infrastructure like Road, Drainage, Water & Light should be provided by IDCO in all IEs of Odisha.

Drains inside IE remain a big issue for disposal of rain water. In most of the industrial estates, with little rain water is being flooded on the road and inside the factory buildings. IDCO has failed to solve this issue. Directorate of Industry with the help of District Administration and Municipal authorities may look after this burning issue.

4. Fire NOC by Factories & Boilers Dept:

Factories & Boilers dept are regularly do the inspection of all safety features of MSMEs including FIRE measures during their annual renewal of Factory license.

Therefore MSMEs may please be exempted to take an additional licence from Fire dept.

5. Waste Management:

Disposal of industrial waste is a biggest issue for all MSMEs as huge cost involves in setting up of a Waste Treatment Plants.

Govt should come up with Waste Treatment Plants in all IEs where MSMEs can utilise the facility on payment basis.

6. Uninterrupted Power:

MSMEs require an uninterrupted Power supply to carry on their activities smoothly as power is like a major raw material for process industries in particular.

Further we request for abolition ED on power generated by DG set installed by MSMEs to counter frequent power interruption.

7. Encroachment of Industrial Area Land:

Many areas in valuable IEs are now encroached. Such encroachments need to be curbed involving district administration and may be monitored.

Unauthorized shops operating inside the industrial estates may also be streamlined by developing vending zones and their activities may be also reviewed from time to time.

Industrial Security facility should be facilitated by the State for security of industrial area & curbing criminal unlawful activities.

8. Labour Laws:

MSMEs need Liberal Labour law to sustain themselves in the present scenario.

Now asking for contribution towards the Odisha Labour Welfare Board from the year ending 2016 appears to be another additional burden for MSME in view of the fact that the Units registered under ESIC & EPF are already contributing their share for the welfare of workers.

9. Working Hostels:

Getting workers is a biggest issue for MSMEs now. Ladies are now a major work force in all Industrial area.

Workers are not able to afford high rents in industrial areas and therefore we propose for setting up of Working Hostels, particularly Ladies Hostels in all IEs of Odisha.

10. Freehold of Industrial Estate Land:

By taking the challenge of entrepreneurship, we have pushed ourselves to an uncertainty. We do not have neither an assurance of monthly salary nor a fat amount at the time of retirement nor even we do have any right on our own land and building that we have created in our life long working as we have no Freehold right on our industrial plots.

MSME associations have demanded conversion of leasehold rights to freehold for MSME units and discussed the issue with Government. A consolidated memorandum has been submitted to honorable Chief Minister during February 2019 and the matter needs to be looked into and a suitable policy for conversion of leasehold land to freehold may be announced for growth and sustenance of MSME in the state.

11. Rate Contract of drugs:

Rate contract of Drugs is pending in the Directorate of Export Promotion & Marketing, Odisha. The drugs both Allopathic and Ayurvedic which were under rate contract earlier needs to be continued and State Government Departments \ Institutions and Undertaking must continue to procure them as per Rate Contract rules and policies of IPR.

12. Accountability of Officials to be fixed:

All promotional agencies are generally engaged in fault finding instead of facilitating activities and harassing the small SMEs. We have to run pillar to post to get the justice and by that time industry get sick.

We propose to fix accountability of all promotional agencies and they should be restricted from their policing activities and may be advised to co-operate/ guide & support the MSMEs for transforming our state to an industrialized state.

13. OLD ISSUES OF MSME UNITS:

Few old issues of MSME units are kept pending in OSFC needs to be settled and closed. One of the pending cases is of Bubuna Chemicals. The unit has applied and settled their OSFC Loan under 2004 OTS in full in-between April-August 2005. Only the State Margin Money Assistance loan of Rs.50000.00 was not settled as its OTS was under consideration.

Surprisingly the Corporation demanded Soft loan after 8 years during 2012 December claiming that the soft loan was not a part of OTS 2004. After the intervention of Chairman OSFC the matter was reviewed and found that the soft loan was a part of OTS 2004. The unit however agreed to pay the soft loan dues as on the date of settlement that is 31.3.2005. Later the OSFC committee chaired by OSFC MD arrived at a figure during 2017 February which was rejected by the new MD OSFC in the board during December 2017.

These type of cases need to be adhered with adequate consideration for a sound growth of MSME sector.

We therefore request you to kindly consider the above three issues and please find suitable disposal of these matters. This association would like to submit if any further information is needed for these issues.

With regards, Sir.
Yours faithfully,

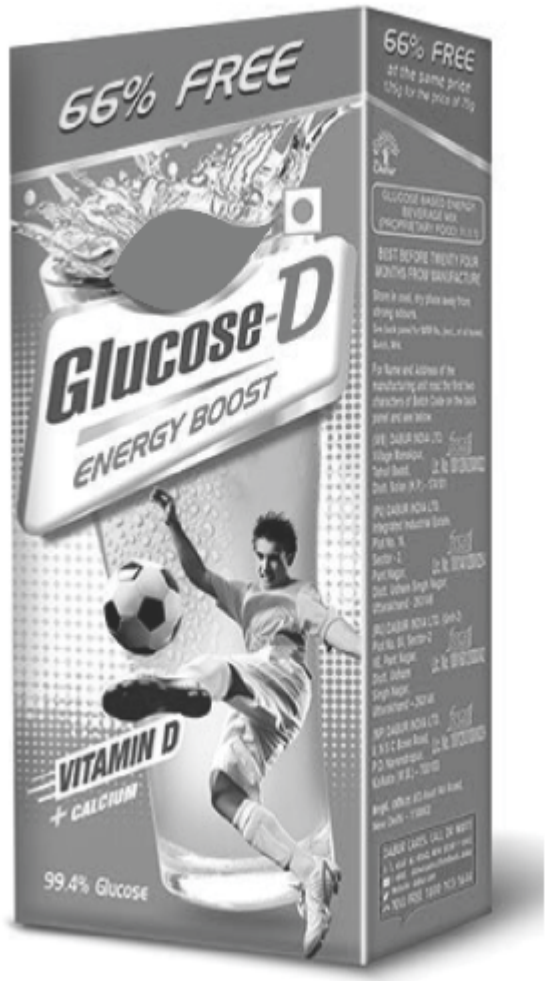

(Abani Kanungo)
